Paul Truong

TVNI Director for Asia and Oceania

ANNOUNCEMENT

I wish to inform that India Vetiver Network (INVN) in collaboration with Tamil Nadu Agricultural University (TNAU) is organizing a Workshop on Monday, the 11th April 2016 at TNAU, Coimbatore. Dr. Paul Truong, Technical Director, The Vetiver Network International (TVNI) will be the Chief Guest and main speaker. In his lecture and presentation he will be covering latest developments in Vetiver System Technology with particular reference to Environment Protection, Waste water and contaminated land treatment including mine water rehabilitation and some aspects of Climate change. A few persons who are practicing Vetiver System Technology also will be sharing their experience.

You are kindly invited to attend the Workshop. The function will start at 9:30 am. There will not be any registration fee. I request you to kindly confirm your participation to enable us to make necessary arrangements (seating, lunch etc).

Yours faithfully,

P Haridas, President, INVN (09447009149)

Prof Rajamani, Head, M & A Plants Division, TNAU (09047033352)

Mr. C. K. Ashok Kumar (09884465996) . Member, organizing committee.
